# OMG WHAT WAS THAT!!! Oh It's only me.(VVV iii ccc ttt ooo rrr)

Hi, my name is **Victor** I have a mom a dad and a little brother in the age 9. I'm mostly Swedish but I'm also 25% German, 12% Finland and the rest Swedish. I have been in the worse place in the world called TSUNAMI!!!!!!!!!! I was on the beach in Thailand and suddenly there was a white line in the horizon that grew bigger and bigger for every minute. Suddenly they told us to walk away from the brand new hotel called Lá Florá. Then another person told me to run and I did. After me I heard a rumbling sound. And the adrenalin started pumping. I couldn't move my arms, head or belly I could only move my legs. I ran and ran and ran until I came to a mountain. There I stopped with all other people. Now I only had to find my parents (and brother) that right now was standing on the hotel roof and looked for me. I was separated from them for 13 hours. **But I found them in the end and we all went home safe**
